Counsel—

Attached please find Defendants' Supplemental Trial Exhibit List. Most of the documents on the list were previously identified in our deposition designations and counter-designations as exhibits contained within those designations. You'll also note that the first six are revisions to the corresponding reference number on our initial exhibit list.

With the exception of reference numbers 1051 (Rose Acre's LIM Flock Data) and 1052 (Rose Acre's Transactional Data), which are voluminous, we've uploaded all of the supplemental exhibits to the following file transfer site:
